SESSION: 1  
SOLO-ERV

SUMMARY OF INFORMATION

The event involves a tall building (see sketch) on a narrow, extremely busy street in a crowded city that has an inordinate number of traffic circles. The bottom story is all glass windows on the exterior. The event involves frenetic activity: people are crowded, pushing and running. A large number of policeman are involved. People are extremely upset and sad. Many of the upset people have dark hair. There is a strong feeling of protest. The event centers around the people and the structure. The event gives me a strong AI of feeling trapped and claustrophobic.

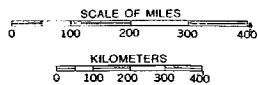

Map dowsing indicated that the event took place in Paris.
